

# COVID-19 UPDATED SPRING 2022 MASK MANDATE UPDATE

March 4, 2022

Dear Infinite Motion Families,

We hope this e-mail finds you well!

As of Monday, March 7th, we will be lifting our mask mandate for our students, staff and faculty. Our IMPAA students, staff and faculty may still prefer to wear a mask, a decision that we fully support! As the days and months progress, should we feel that re-instating our mask mandate is the best decision for our IMPAA community, we are prepared to do so.

Our goal is to create spaces where individuals feel comfortable making that choice for themselves. While we never know someone else's full story, we can create an environment where everyone is supported in making a decision that is best for them.

We hope that this step will help us move forward as we get to experience more smiles, expressions and beautiful full faces!

We're looking forward to a promising spring!

Fondly, Colleen and Rosanne

A few reminders:

- If your child does not feel well, please keep them home.
- Please have your child wash and sanitize hands before entering the building.
- Please have your child come dressed and ready to participate with the exception of their class shoes. They can change from their street shoes to dance shoes prior to entering the classroom.
- Each classroom will have sanitizer readily accessible for students and faculty.
- The parent waiting room remains closed. Pre-School students may have 1 parent/guardian stay during class in case they need the restroom. Check out the instructions for watching your child's class on any device. Keep in mind, this link cannot be shared as we have access for 1 view per student per class.

Thank you for your support, patience, flexibility and understanding as we work together to promote the well-being of our IMPAA community!

Sincerely,  
Colleen & Rosanne  
Artistic Directors
