# A NOTE FROM THE DIRECTORS

Impressions 2025 is here!

Today we celebrate a season of success, teamwork and evolution. Through hard work and perseverance, every dancer on this stage today has had their own journey with dance. That is what makes this art form so beautiful. Everyone has a different story, yet they share a common goal. Today's shows are about celebrating one another through movement, expression and friendship. We are so proud!

Teachers and Choreographers,

The profound impact you have made on these dancers is nothing short of inspiring. Thank you for your creative vision, talent and mentorship. You have made such a difference in so many lives.

Parents and Guardians,

The endless carpools, food drop-offs, long competition and show days do not go unnoticed or unappreciated.

We understand the commitment it takes from you to make this all possible.

Thank you for all you did, and continue to do, to make days like today a reality. We are grateful for the opportunity to be a significant part of your children's lives.

Rachel, Julie, Hindy, Mikayla, and Sophie,

We can't wait to see you shine today. We are so proud and honored to have been part of your dance journey. This is not goodbye, rather, to be continued! May you embrace and breathe in every moment on that stage. Congrats!

The LEGACY we leave behind when one chapter closes and another one opens is the IMPRESSIONS we make on each other's lives forever...

Fondly,

Colleen & Rosanne

## UNIQUE...EDUCATIONAL...PROFESSIONAL

Every child is a different kind of little flower,  
and all together they make this world a beautiful garden.

## RACHEL BRUNO

I've been at infinite Motion for 15 years and in the Company for 11! I plan on going to SUNY Cortland next year to major in Early Childhood Education with a minor in Psychology. I also plan on dancing on the dance team there. Company means a lot to me because ever since I joined, I gained a whole family. I have bonded with these girls and boys and will have forever sisters and brothers! I love to dance and bond in rehearsals with everyone and just laugh and have a good time. Dance has inspired me to not take anything for granted. Some people do not get the opportunity to have such an amazing experience and it's truly a blessing to be able to be around such amazing people and be in such an amazing environment. I'm forever grateful for anything and everything I've learned from my years at Infinite Motion, and I will cherish these bonds forever.

## JULIE CHOEN

I've been dancing at IMPAA for 6 years. I'm going to Pace University, and I'm committed to the Pace Dance Team! Being in company these past few years has been an experience of a lifetime. Being able to learn our dances to competing on stage is so rewarding and exciting. Whether it is learning combos or working on technique, I know I'm always excited to come to class. Dance means so much to me because it allows me to express who I am and connect with myself and others. I'm so grateful for the amazing IMPAA community that made dance even more meaningful and worthwhile.

## MIKAYLA MOORE

I have been dancing here for 7 years and I have been in company for 3 years. I am going to SUNY Cortland and I am majoring in Early Childhood Education. Being in the company has meant a lot to me over the past three years. This company has brought me so many friends. It has also allowed me to grow into the person I am today. Even when I was in rec it felt like a family, but when I joined company that grew. I have met some of my forever friends through this company and I am very sad that it has come to an end.

## HINDY GREENFELD

I've been dancing at IMPAA for 6 years! I plan on going to Quinnipiac University and hope to be on the dance team there as well! Being in the Dance Company at IMPAA means so much to me because it serves as a safe space for me to express myself and have fun with my best friends. Dance has inspired me to dance for those who may look up to me and I'm forever grateful for all of the teachers and friends IMPAA has introduced me to.

## SOPHIE SHNEIDER

I've been dancing at IMPAA for 10 years! I plan on going to SUNY Geneseo in the fall & major in Childhood/Special Education with a minor in Dance Studies. Being a part of the Company is really special to me. Dance quickly became my sole sport and biggest passion from a young age. What makes being in the company memorable is the bond I've built with my teammates and teachers. Their support and encouragement create a family that's hard to find anywhere else. It's the people that made this experience unforgettable for me.
